

February 2012

Dear Accredited Professional

Please be advised that all Errata have been incorporated into and are contained in the Technical Clarification and Credit Interpretation Request portal at http://www.gbcsa.org.za/greenstar/tech_cirs.php

All guidance, rulings (and errata) now carry a unique identifier which you may use when searching the database and/or when referencing any guidance or rulings in your submission.

We thank you for your continued support in helping us change the way the world is built.

GBCSA
