# 2026 **GREEN PAGES**

FEATURING GBCSA MEMBERS:  
BUILDING PRODUCT MANUFACTURERS  
& DISTRIBUTORS

**ISSUE: MAY 2026**

# CATALOGUE OVERVIEW

We at GBCSA are proud to showcase our members whose products have an environmental focus, and in doing so help us move closer towards our goal of a sustainable built environment, where people and planet can thrive.

Use this document to explore what's available, find website details, and be better informed about greener products on the market.

This catalogue specifically focuses on **energy, water, materials** and **indoor environmental quality (IEQ)** aspects of green building.

In it you'll find a listing of GBCSA's members who produce and distribute products that support better environmental outcomes related to the above. Many of them have additional sustainability benefits too.

Please note:

All listings include GBCSA Building Product Manufacturer and Distributor members who are paid up and active since the beginning of the year. Product and service information is supplied by the relevant member.

GBCSA's focus for certification is on buildings. While we do not certify products, this catalogue provides insight into the related Green Star system categories where these products could help achieve points. The Green Star rating tools recognise EcoStandard and Global GreenTag as eco-label certifications in South Africa.
